\$129

 / month

- ✓ Hosting + technical care
- ✓ 12 website refreshes / year
- Photos, offerings and announcements
- Send changes when you need them.
- First year: \$2,298 including build

NEED HOSTING ONLY?

Hosting Only

Hosting + basic technical care.

\$49 / month + \$750 build

Standard website refresh: \$125 each.

No content changes included in monthly hosting.

What is a website refresh? One consolidated set of changes: up to 10 supplied photos and text updates across two existing pages. You contact us with changes and materials; we handle the updates.

All plans: 12-month initial term, then month-to-month. Included refreshes expire at the end of each service year. New pages, major redesigns, video editing and booking, member or payment systems are quoted separately.

Technical care includes SSL, uptime monitoring, recoverable copies and periodic form checks. Domain registration is separate.
